

Atlas Aluminium

Newton Centre, Brunel Way Stroudwater, Business Park
Stonehouse GL10 3SW
United Kingdom

Atlas Aluminium is a leading fabricator of Smart aluminium systems for windows and doors, alongside its market-leading, own-design, Atlas Roof range. We combine performance, design, and sustainability across all our glazing solutions, engineered for modern homes and commercial spaces. Our systems deliver slim sightlines, strong thermal performance, and long-term durability. Working with architects, installers, and trade counters, we provide high-end aluminium products that meet UK building standards and exceed expectations for quality and reliability. We're committed to sustainability, using recyclable aluminium and energy-efficient

systems that support greener building. Website:
